(OVER)

APPLICATION FOR SEWER SERVICE

1. Determination, as to if sewer is available at the locations.

_____ Sewer is not available at this time

_____ Sewer is available, but currently not connected

2. If sewer is available, customer pays the tap fee, impact fee and bore fee (if required) to WW&S.
(WW&S Department contacts Steve McDonald providing him with a copy of the application.)

3. McDonald Wastewater Services does the sewer tap (bore if needed). Signed form is returned.

Tap Completed: ____/____/____

Signature: _____

4. Customer is contacted once tap is completed and explained the procedure to connect to the Eclectic Sewer system.

- A. If an existing structure: Customer's connection must be done by a licensed plumber, with a Town of Eclectic business license. The customer or plumber must contact McDonald Wastewater Services and let them know the date the connection will be done, so they can complete the State required inspection before the work is completed and/or the connection site is covered.
- B. If a remodeling or new construction: Customer must also contact the Eclectic Building Inspector, Charles Owenby @ 334.300.1818 to have any required inspections done. Failure to obtain any required permits, licenses or inspections could result in fine or other problems.
